FINISH & MATERIAL GUIDE — EXPANDED

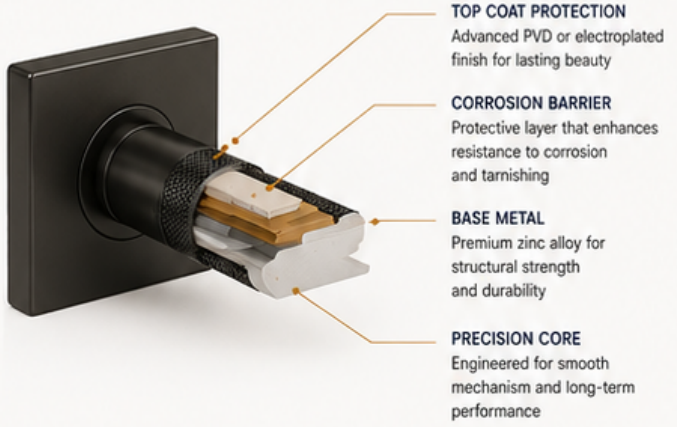

At Parallelism, every finish is selected for its beauty, durability and ability to elevate architectural spaces. Our premium finishes are applied with advanced PVD or electroplating technology for exceptional resistance to wear, corrosion and everyday use.

AVAILABLE FINISHES

| | | | | | |
|---|--|--|--|--|---|
|  <p>SN SATIN NICKEL</p> <p>Brushed satin finish with soft sheen. Modern, versatile and timeless.</p> <p>BEST PAIRED WITH Neutral, Scandinavian, Coastal, Modern</p> |  <p>MB MATTE BLACK</p> <p>Sleek, non-reflective finish for a bold and contemporary look.</p> <p>BEST PAIRED WITH Industrial, Modern, Monochrome</p> |  <p>AB ANTIQUe BRASS</p> <p>Warm, aged brass tone with subtle character and depth.</p> <p>BEST PAIRED WITH Classic, Heritage, Traditional</p> |  <p>USN URBAN SATIN NICKEL</p> <p>Refined satin nickel with a slightly warmer undertone.</p> <p>BEST PAIRED WITH Modern, Minimal, Soft Industrial</p> |  <p>BNL BRUSHED NICKEL</p> <p>Contemporary brushed finish with excellent durability.</p> <p>BEST PAIRED WITH Modern, Transitional, Commercial</p> |  <p>PVD-G PVD GOLD</p> <p>Luxurious gold finish with superior scratch resistance.</p> <p>BEST PAIRED WITH Luxury, Modern Classic, Statement Spaces</p> |
|---|--|--|--|--|---|

MATERIAL ENGINEERING

Our handles are crafted from premium materials and engineered for strength, longevity and smooth operation.

FINISH TECHNOLOGY

PVD (PHYSICAL VAPOR DEPOSITION)

Our PVD finishes provide exceptional hardness, corrosion resistance and longevity. The finish is vacuum-bonded at a molecular level, resisting scratches, tarnish and fading.

ELECTROPLATED FINISHES

High-quality electroplating delivers a consistent, durable finish with excellent adhesion and resistance to daily wear and environmental exposure.

CARE & MAINTENANCE

| | | | |
|--|--|--|--|
|  <p>Wipe regularly with a soft, damp cloth.</p> |  <p>Avoid abrasive cleaners and harsh chemicals.</p> |  <p>Dry with a soft cloth to maintain the finish.</p> |  <p>PVD finishes require minimal maintenance for long-lasting beauty.</p> |
|--|--|--|--|

| Projection | 50 - 52mm (varies by style) |
| Rose Diameter | Ø51mm (Round) 51mm (Square) |
| Finish Options | SN, MB, AB, USN, BNL, PVD-G |
| Warranty | 10 Years Mechanical |
| Fire Rated | Yes |
| Application | Residential & Commercial |

PERFORMANCE TESTING

Our handles are tested to exceed industry standards for performance and durability.

CYCLE TESTED

Tested to 200,000+ cycles to ensure long-lasting smooth operation.

CORROSION RESISTANT

Finishes tested to withstand salt spray up to 480 hours.

STRENGTH TESTED

Handles and rosettes tested for strength and load-bearing performance.

FIRE RATED

Fire tested to AS 1905.1 (Part 1) where applicable.

SUITABLE APPLICATIONS

Engineered for a wide range of residential and commercial environments.

WHAT'S IN THE BOX

Each handle set includes all components required for a complete installation.

- ✓ 2x Handles (Pair)
- ✓ 1x Latch
- ✓ 1x Strike Plate
- ✓ Fixing Screws
- ✓ Allen Key
- ✓ Installation Guide

MAINTENANCE & CARE

Our premium finishes are designed for durability and easy maintenance.

Wipe regularly with a soft, damp cloth to remove dust and oils.

Avoid using abrasive cleaners or harsh chemicals.

Keep surfaces dry to maintain the finish and prevent spotting.

PVD finishes require minimal maintenance for long-lasting beauty.

INSTALLATION / TECHNICAL STANDARDS

Proper installation ensures performance, safety and longevity. Please follow these guidelines for best results.

STANDARD INSTALLATION

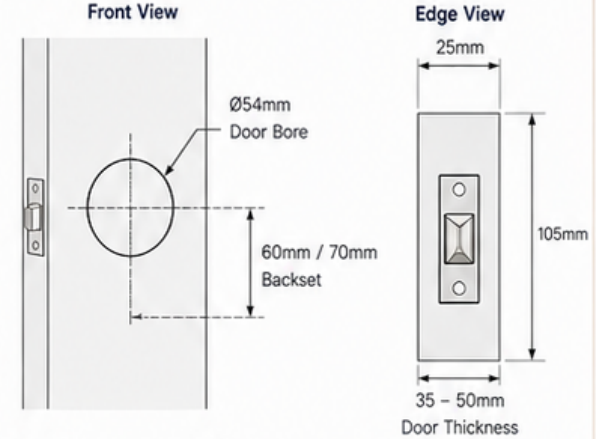

Designed to fit standard doors with easy and secure installation.

- 1 Mark door using template
- 2 Drill door bore Ø54mm
- 3 Install latch and secure
- 4 Fit handle set and tighten
- 5 Test operation

i Use quality tools and follow steps carefully for smooth operation and long-term durability.

DOOR PREPARATION GUIDE

All dimensions are in millimeters (mm).

LATCH OPTIONS

Select the appropriate latch to suit your application.

PASSAGE LATCH
For doors that do not require locking.

PRIVACY LATCH
For bathroom or bedroom doors. Includes privacy turn & release.

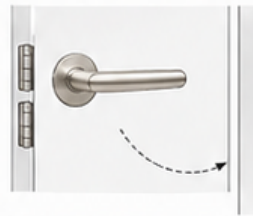

DUMMY LATCH
For pull handles or doors where no latching is required.

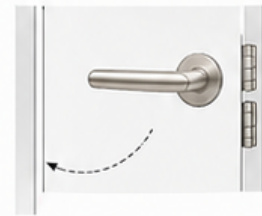

HANDLE ORIENTATION

Handles are non-handed and can be installed on both left and right handed doors.

LEFT HAND DOOR

RIGHT HAND DOOR

TECHNICAL STANDARDS

Our handles are tested and manufactured to meet strict industry standards.

Complies with AS 1905.1 (Part 1)

Fire rated to AS 1905.1 where applicable

Tested for cycle durability up to 200,000+ cycles

Corrosion resistance tested to 480 hours

10 Year Mechanical Warranty

IMPORTANT NOTES

Do not use power tools to install handles. Hand tighten only.

Avoid using abrasive cleaners or harsh chemicals on finishes.

Ensure door is properly aligned and hinges are secure for optimal performance.

Regularly check and tighten screws if necessary.

CARE AFTER INSTALLATION

A little care goes a long way.

Wipe with a soft, damp cloth to remove dust and fingerprints.

Dry with a soft cloth to maintain the finish.

PVD finishes require minimal maintenance for long-lasting beauty.

Handle with care to preserve the premium quality and finish.
